ENDORSEMENT

TRANSFORMED FROM IFNE SINCE 2001

World Federation
SPINE ENDOSCOPY

2ND ESUBE
MASTERCLASS

26-28 FEBRUARY, 2026

SEVILLE - SPAIN

BASIC LUMBAR

08:00 Participant registration

08:30 Welcome D. Marinopoulos

08:40 - 09:30 MODULE BASIC LUMBAR

08:40 Basic concepts of UBE

08:55 Learning

09:10 Lumbar disc herniation

09:20 Left & right side approach

09:30 - 11:00 MODULE LUMBAR PRACTICE I

Group A: Anatomical model Ipsi lateral approach

Origami UBE Challenge: beginners (BOAT)

Group B: Live surgery

How to begin UBE

Right side approach

Z technique

11:00 - 11:30 **Coffee break**

11:30 - 13:00 MODULE LUMBAR PRACTICE II

Group B: Anatomical model Ipsi lateral approach

Origami UBE Challenge: beginners (BOAT)

Group A: Live surgery

How to begin UBE

Right side approach

Z technique

13:00 - 14:00 **Lunch**

14:00 - 15:00 MODULE BASIC LUMBAR II

14:10 Central canal. Single and multilevel

14:30 Foraminotomy in lumbar patients

14:50 FAR out syndrome

15:00 - 16:30 MODULE LUMBAR PRACTICE III

Group A: Anatomical model UBE. Contralateral

and para spinal approach

Origami UBE Challenge: advanced (FAN)

Group B: Live surgery

Key point of para spinal approach

Foraminal and extraforaminal L5-S1

Contralateral approach classifications

16:30 - 17:00 **Coffee break**

17:00 - 18:30 MODULE LUMBAR PRACTICE IV

Group B: Anatomical model UBE. Contralateral

and para spinal approach

Origami UBE Challenge: advanced (FAN)

Group A: Live surgery

Key point of para spinal approach

Foraminal and extraforaminal L5-S1

Contralateral approach classifications

18:30 - 19:30 **Discussion**

20:00 **WELCOME RECEPTION**

2ND ESUBE CONGRESS

08:30 - 09:00 Welcome 2ND ESUBE Congress

09:00 - 11:00 **LUMBAR EXPERT BATTLE I**

In block flavum ligament resections: butterfly vs piecemeal

Lumbar foraminotomy: Ipsilateral vs contralateral

Complex Lumbar disc herniations: Para spinal vs ipsilateral

Best free lumbar Paper

11:00 - 11:30 Coffee break

11:30 - 13:00 **LUMBAR EXPERT BATTLE II**

L5-S1 stenosis: Fusion vs foraminomy vs inclinatory

UBE fusion: Right side vs left side approach

UBE tumors and other indications

Abstracts session: top 5

13:00 - 13:30 Discussion

13:30 - 14:30 Lunch

14:30 - 16:00 **MODULE UBE IN THE WORLD**

16:00 - 17:00 **MODULE ESUBE**

Presentation of ESUBE D. Marinopoulos

ESUBE Diploma and e-learning

ESUBE Fellowship

ESUBE Masterclass 2027: Milan

17:00 - 17:30 Coffee break

17:30 - 19:00 **CERVICAL - THORACIC EXPERT BATTLE**

Thoracic Demonstration

Posterior cervical foraminotomy: Ipsilateral vs inclinatory

Cervical stenosis: UBE laminoplasty vs laminectomy

Cervical laminectomy: Flouting vs traditional decompression

UBE cervical instrumentations

Thoracic disc herniations: Trans articular vs para spinal

Abstracts session: top 5

Cervical Demonstration

19:00 WELCOME TO SEVILLE

20:00 CONGRESS DINNER

ADVANCED LUMBAR

09:00 - 09:30 MODULE ADVANCED LUMBAR

- 09:10 Basic and not basic fusion concepts
- 09:20 UBE fusion
- 09:30 Curve tips & tricks fusion with UBE

09:30 - 11:00 MODULE FUSION LUMBAR PRACTICE

Group A: Anatomical model UBE fusion

Origami UBE Challenge: master (Crane)

Group B

*Key point to increase fusion rate Endoscopic TLIF
UBE modified TLIF using large cage
Contralateral approach for high spondy?*

11:00 - 11:30 Coffee break

11:30 - 13:30 MODULE FUSION LUMBAR PRACTICE II

Group B: Anatomical model UBE fusion

Origami UBE Challenge: master (Crane)

Group A

*Key point to increase fusion rate Endoscopic TLIF
UBE modified TLIF using large cage
Contralateral approach for high spondy?*

13:30 - 14:00 Lunch

CERVICAL

14:00 - 14:30 UBE IN CERVICAL PATHOLOGY

- 09:00 Cervical Disc Herniations
- 09:10 Cervical Foraminotomy
- 09:20 Cervical Myelopathy

14:30 - 16:00 MODULE CERVICAL PRACTICE I

Group A: Anatomical model UBE foraminotomy

Origami UBE Challenge: master (CRANE)

Group B

*Sliding technique
Tips & tricks cervical foraminotomy
Inclinator technique*

16:00 - 16:30 Coffee break

16:30 - 18:00 MODULE CERVICAL PRACTICE II

Group B: Anatomical model UBE foraminotomy

Origami UBE Challenge: master (CRANE)

Group A

*Sliding technique
Tips & tricks cervical foraminotomy
Inclinator technique*

18:00 - 18:30 Discussion

18:30 - 19:00 CLOSING REMARK
