Daniel Iglesias, MD

Dr. Daniel Iglesias is a Spanish Orthopaedic spine surgeon, being a comprehensive spine surgeon that moreover is expert in endoscopic spine surgery.

Tawfik Gheith Mahdi MD

Dr. Tawfik Gheith Mahdi is a German Board-certified neurosurgeon with years of experience in spine and neurosurgery across Germany, Egypt, and Libya. He is subspecialized in endoscopic spine surgery, neuromodulation, and surgical pain therapy, with certification from the Neurosurgical Academy (NCA).

Karlo Houra, MD

Prof. Karlo Houra is a board certified neurosurgeon specialized in interventional pain management and minimally invasive spine surgery.

Krzysztof Łokas, MD

Dr Krzysztof Łokas is a leading Polish orthopaedic and spine surgeon specialising in minimally invasive and endoscopic procedures of the spine.

Hussam Jabri, MD

Dr. Hussam Jabri is a board-certified neurosurgeon based in Riyadh, Saudi Arabia. He is a member of the Saudi Spine Society and the Saudi Neurological Surgery Society..

Sanjay Harhangi, MD

Dr. Sanjay Harhangi is a neurosurgeon trained at Erasmus MC in Rotterdam, with a PhD from Erasmus Universiteit on genetic determinants of Parkinson's.

He specializes in spine surgery, particularly in the minimally invasive endoscopic technique (PTED) and in pathology of the craniocervical junction.

Raúl Echeverri, MD

Dr. Raúl Augusto Echeverri Guerra is a neurosurgeon, with additional training in Family and Community Medicine and a Master's Degree in Public Health. He has fellowship training in neurotrauma, neurocritical care, and spine surgery. He complements his work with university teaching and participation in global neurosurgery initiatives, integrating care, academia and social commitment.
